

# «Exercise Human-Centered Data Science» Session #2

November 10th, 2020

#### **Agenda**

- 1. First assignment
  - Setting up the environment, GitHub & git workflow me
  - Results of first assignment (final plot) small groups
- 2 Presentation by students plenum // BREAK
- 3. Podcast discussion small groups
- 4. Next assignment me
- 5. (Organisation) me/all
- 6. Outlook next week

#### 1. First Assignment

- Access to github?
- Setting up the environment (linux/windows/mac, conda/anaconda, poetry, ... )

```
\rightarrow git clone git@github.com:FUB-HCC/hcds-winter-2020.git README.md \rightarrow poetry setup
```

#### GitHub wiki locally

```
→ git clone git@github.com:FUB-HCC/hcds-winter-2020.wiki.git
```

GitHub workflow (no branches) - this is not best practice!

#### 1. First Assignment

- Access to github?
- Setting up the environment (linux/windows/mac, conda/anaconda, poetry, ...)

```
\rightarrow git clone git@github.com:FUB-HCC/hcds-winter-2020.git README.md \rightarrow poetry setup
```

#### GitHub wiki locally

```
→ git clone git@github.com:FUB-HCC/hcds-winter-2020.wiki.git
```

Please no force pushing!

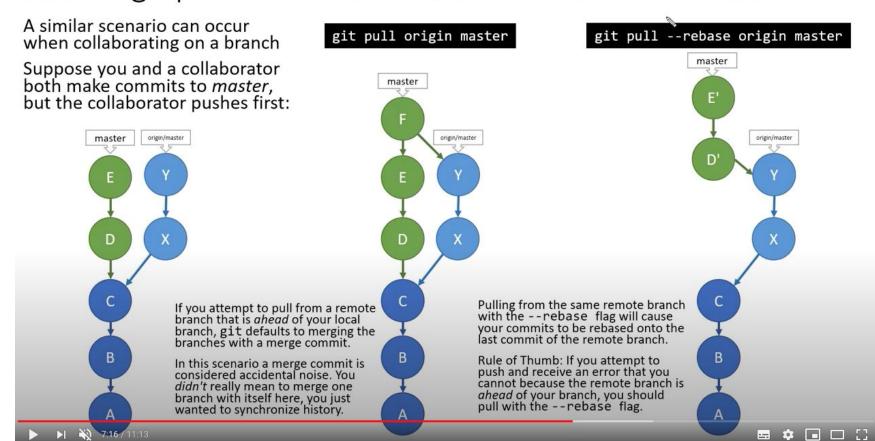

GitHub workflow (no branches) - this is not best practice!

```
# work on your assignment
git add FILENAME  # add all files you want to push to github (staging)
git commit -m "MESSAGE"  # create a commit, some version of your work

git pull --rebase  # get all recent changes from GitHub and put your work on top
git push  # push your work to GitHub
```

#### Catching up a collaborative branch with --rebase

### 1. First Assignment - Results

- Small Groups Wikipedia Plot
  - What wikipedia language versions?
  - What article?
  - Looking at the plot any ideas for improvement?
  - Any other experiences/challenges you had?

You can also use screen sharing to look at your notebooks!

Use video!

Be aware of the time! Take notes!

Please put your figure (png/jpg/...) or screenshot here:

→ <a href="https://projects.invisionapp.com/freehand/document/p09uUJhFz">https://projects.invisionapp.com/freehand/document/p09uUJhFz</a>

### 1. First Assignment - Results

- One person presents their assignment please.
- Someone used <u>altair</u>?

#### 3. Podcast

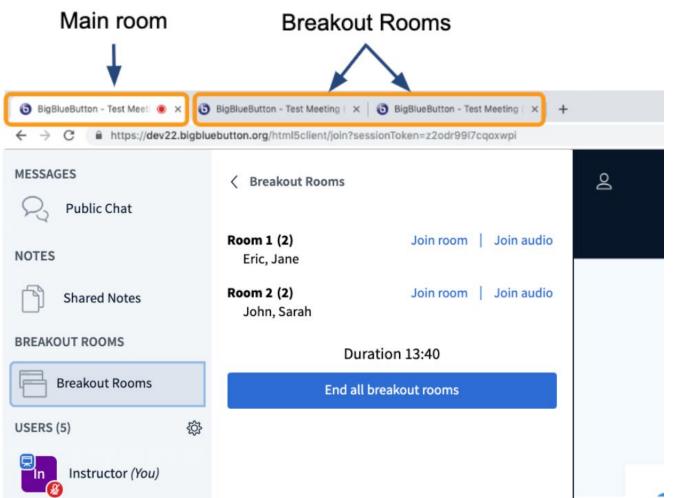

- 1. What are the main topics?
- 2. What are **your** main takeaways?
- 3. Choose **one** question you want to discuss in your group.

Group 1: <a href="https://projects.invisionapp.com/freehand/document/WwYCn4qR6">https://projects.invisionapp.com/freehand/document/WwYCn4qR6</a>

Group 2: <a href="https://projects.invisionapp.com/freehand/document/Bpbl7AA3o">https://projects.invisionapp.com/freehand/document/Bpbl7AA3o</a>

Group 3: <a href="https://projects.invisionapp.com/freehand/document/5dK2r4uth">https://projects.invisionapp.com/freehand/document/5dK2r4uth</a>

Group 4: <a href="https://projects.invisionapp.com/freehand/document/30AUJbxyB">https://projects.invisionapp.com/freehand/document/30AUJbxyB</a>

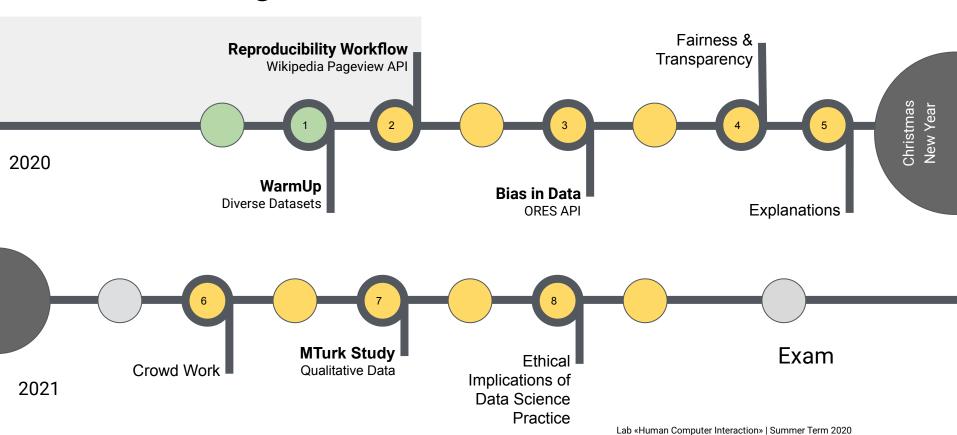

#### 4. Next Assignment

#### 4. Next Assignment

#### Wikipedia Traffic Data

The goal of this assignment is to A construct, analyze, and publish a data set of the monthly traffic on Wikipedia and B to learn and internalize the **reproducibility** workflow we discussed in the lecture.

- The Legacy Pagecounts API provides access to desktop and mobile traffic data from December 2007 through July 2016.
- The Pageviews API provides access to desktop, mobile web, and mobile app traffic data from July 2015 through last month.

#### 5. Outlook

Discuss Reading!

Students present assignment

Introduction to ORES API

#### 2. Organisation

Please link your blog here:

https://github.com/FUB-HCC/hcds-winter-2020/wiki/01\_exercise#session-blogs

- In at least 2-3 full sentences, answer the question "How does the podcast inform your understanding of human centered data science?".
- Using full sentences, list at least 1 question that this podcast raised in your mind, and say why it caused you to ask this question.
- 4. Add your responses to your blog post.

#### **Session Blogs**

- 1. alsc My title This is a template, please use!
- 2. rowe Assignment 1
- 3. arro Assignment 1
- 4. mane Assignment 1
- 5. xiyu Assignment 1

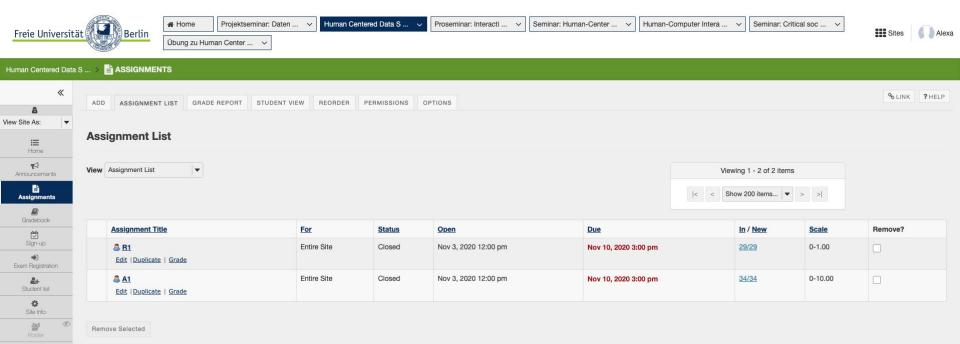

#### 2. Organisation

• Overview of assignments and points (always 10 points per An, 1 for Rn)

https://mycampus.imp.fu-berlin.de/portal/site/df87a97d-d36f-4c7b-9a03-82a1016c8045/tool/7a40f6c9-7b55-46c
0-b69a-1ba1f520c064

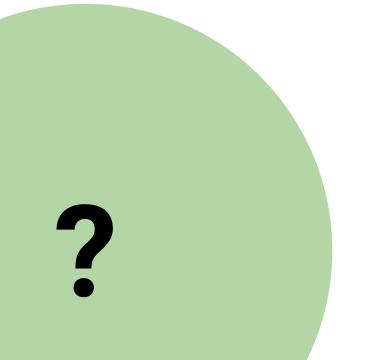

### 2. Organisation

- . Discord:
  - #hcds-lecture
  - 。#help
  - Anything else, we need?

## **Questions**
